These instructions are for your safety.

Please read them thoroughly before use and retain for future reference.

No tools required for assembly.

Box contents

1 x Transformer.
4ft tree is 1-piece tree
5ft tree is 2 x pieces tree.
6ft tree is 2 x pieces tree
Each tree is supplied with a tree base.
4 x pegs (outside use)

Before You Start

- Decide on an appropriate location for your product (see positioning instructions below).
- Remove all packaging and dispose of safely out of the reach of children & animals.
- Check the light set before use for any loose or damaged wiring. If in any doubt do not use.

Positioning Instructions

- 1) Please refer to the cable label affixed to the product to establish its positioning suitability.
- 2) Do not position or place near heaters or any other direct sources of heat.

Assemble

All trees:

(Please note as due to different sizes, there could be a different amount of tree sections, so please follow the below but you will not need to connect the 2 tree parts together for the 4ft tree, as this only comes in 1 x tree piece)

- 1) Check that you have all pieces and parts before continuing.
- 2) Attach the bottom tree section to the base of the tree by screwing the section into the base in a clockwise direction.
- 3) Attach the top section of the tree to the bottom section of the tree by pushing them together.
- 4) Next you will see a connector attached to the bottom of the top section & attached to the top of the bottom section, you will need to screw these together, they will only fit one way, so take note of the inside shape of each connector and match up.

You may now plug the tree into the power supply and stand back and admire your efforts.

WARNINGS

It is very important that this product is NEVER DIRECTLY connected to the mains supply without the supplied transformer.

Keep away from children & pets.

Do not operate this item whilst still in the packaging.

The LED lamps are not replaceable.

The transformer is suitable for indoor use ONLY.

Do not try to connect this set electrically to another set.

If there is any damage or breakage to the electric wire, please dispose of safely.

Ensure that cables are fully unwound and sited where they will not become damaged or present a tripping hazard.

Do not secure the wiring of this product with staples or nails.

Do not close doors or windows on the product, as this may damage the wiring insulation.

Do not submerge this product in water (e.g. puddles, guttering or ponds)

Do not overload wall sockets. Use different sockets around the house to plug in multiple lights to balance the load.

Do not damage the insulation of cable or LED holder.

Do not lay the cable under carpet or where it can be damaged.

Do not completely cover the LED with decorations & other flammable materials. Ensure adequate airflow around each LED.

Electrical Ratings:

Each 4FT tree - Set operates on 24V DC 5.5W - Transformer rating 24V DC 3.6W

Each 5FT tree - Set operates on 24V DC 8.5W - Transformer rating 24V DC 6W

Each 6FT tree - Set operates on 24V DC 12W - Transformer rating 24V DC 9W

Bulb rating (non-replaceable) 2.4V 0.00375A 0.009W for all trees.

WEEE Waste

Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your local authority or retailer for recycling advice.
