- Non-replaceable LEDs – 3V 0.039W

PLUG

- This product is fitted with a 3A fuse and should only be replaced with a 3A fuse.

POWER SUPPLY

- Rated Voltage / Wattage: 230V 18.3W 50Hz

FOR SAFETY'S SAKE

- Do not damage rope tubing or insulation of cable.
- Do not allow any plastic part to come into contact with heat or flame.
- Do not connect the item to the mains supply while it is in the packaging.
- Do not completely cover the bulbs with decorations and other flammable materials. Ensure adequate airflow around each bulb.
- Ensure that cables are fully unwound and sited where they will not become damaged or present a tripping hazard.
- Do not lay the cable under carpet or where it can be damaged.
- Do not close doors or windows on the wiring as this may damage the wiring insulation.
- Do not secure the wiring of the product with staples or nails
- Do not submerge the lights in the water (e.g. puddles, guttering and ponds)
- Do not connect this item electrically to any other item.
- For decorative purposes only. Not suitable for use in play by children.
- Unplug the product when leaving the house, when retiring for the night or if left unattended
- Do not overload wall sockets. Use different sockets around the house to plug in multiple lights to balance the load.
- Retain this box for storage and future reference.

The light colour of this product is outside the limits as defined in ErP Regulations and therefore only suitable for decorative purposes.

Complies with safety requirements of BS EN 60598
