Assembly and Usage Instructions for P060220 90cm Infinity Santa with pals

Box Contents:

1 x Infinity light 1x mounting base 1 x Transformer 1 x Pack of outdoor fittings.

Assembly instructions.

Remove the Infinity light out of the packaging, taking care not to damage the item.

1. Remove the protective film covering the Infinity light.
2. Due to product construction, the foam is compressible so You can squeeze the mirrors together at one end / corner (it will not damage) and put the one compressed corner into the base on an angle.
3. Slide the Infinity light fully onto the base. It is very important to make sure the holes in the infinity light and the base are in the same line so required bolts can be fitted.
4. To complete the assembly please follow the separate outdoor instructions provided with this product.
5. To hang this product to your desired surface please follow the below instructions
6. Fixings are not included for the hanging of this item, please note!
7. Please ensure that you use the appropriate fixings for the type of surface you will be hanging the item too.
8. Please take care when using the appropriate fixings in the fixing holes on this product, that you do not damage the mirrored surface.

How to operate:

Plug the transformer into the wall socket and switch on at the socket, the light will come on.

To turn the lights off, switch off at the wall socket. The transformer must be always kept indoor!!
