QSF1002

Assembly and Usage Instructions for: 60cm, 90cm, 120cm & 180cm lit champagne gold twig trees with traditional warm white LEDs – P031060, P031061, P031062 & P031063.

BOX CONTENTS

1 x tree base 1 x tree base cover 1 x allen key
1 x Transformer 1 x gold twig tree (can be 1 part or 2 parts)

ASSEMBLY INSTRUCTIONS

Place twig tree into tree base and use the allen key to tighten the nut to secure the tree in place.

Using the tree base cover, arrange in such a way as to cover the tree base and then tie to secure to base.

Attach transformer to the connector at the end of cable and tighten the screw to secure.

OPERATING INSTRUCTIONS

Place the tree in your desired location.

Plug transformer into wall socket (indoors at all times)

Switch lights on at the socket.

The lights will come on (majority of them are static warm white, although a small amount are white flashing).

To switch off, switch plug off at the socket.

WARNINGS

It is very important that this product is NEVER DIRECTLY connected to the mains supply without the supplied transformer.

Keep away from children & pets.

Do not operate this item whilst still in the packaging.

The LED lamps are not replaceable.

The transformer is only suitable for indoor use.

Do not try to connect this set electrically to another set.

If there is any damage or breakage to the electric wire, please dispose of safely.

This light set is suitable for indoor use.

Ensure that cables are fully unwound and sited where they will not become damaged or present a tripping hazard.

Do not secure the wiring of this product with staples or nails.

Do not close doors or windows on the product, as this may damage the wiring insulation.

Do not submerge this product in water (e.g. puddles, guttering or ponds)

Do not overload wall sockets. Use different sockets around the house to plug in multiple lights to balance the load.

Do not damage the insulation of cable or LED holder.

Do not lay the cable under carpet or where it can be damaged.

Do not completely cover the LED with decorations & other flammable materials.

Ensure adequate airflow around each LED.
